The **vendor** warrants a **maiden heifer** stated in the catalogue or at the time of sale to be sold for breeding purposes to be free from any malformation which would render the animal incapable of breeding. The warranty is a **5 day warranty** if the malformation is patent or a **6 month + 5 day warranty** if the malformation is latent.

If the **purchaser** proves a breach of warranty the **purchaser** may return the animal to the **vendor**. Notice of claim must be supported by a **veterinary surgeon's certificate**.

Cleansing The **vendor** warrants that all newly calved **cows** and **heifers** have cleansed satisfactorily before the sale. This warranty is a **3 day warranty** in which any claim made by the **purchaser** must be supported by a **veterinary surgeon's certificate**. The **vendor** is obliged to pay for the cost of one wash out.

Cows or heifers sold as served or guaranteed in calf: When an animal stated to have been served less than **10 weeks** prior to the sale and is **pregnancy diagnosed positive**, this is given as **guidance only** and carries **no warranty**. If a cow or heifer has been positively diagnosed as **10 weeks or more in calf** at the time of sale and thereafter is proved to be not in-calf, and a **Veterinary Surgeon's certificate** to that effect is produced there is a **38 + 5 day warranty**. Where a cow or heifer is sold as 'having run with a bull' no warranty as to the animal being **in calf** at the time of sale is given.

Kivells strongly advise that no persons access the sale ring, pannage or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.

All such Buyers will be asked for two forms of identification and a credit reference will be required. The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

Payment - All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. Our Bank Account details are: Sort Code 56-00-49 Account Number 32376359. **Payment in Cash** - In order to comply with money laundering regulations we cannot accept Cash payments above the maximum permitted at the time of sale. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale.

Conditions of Sale - It is strongly recommended that Bidders and Buyers visit **Kivells.com** and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

Risk - All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

Removal of Lots - Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

Descriptions of Lots - Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

Statements of Fact - Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

Liability of The Auctioneer - The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

Bidding Form - The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form, and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

Refreshments and Facilities - Canteen and toilets are on site.

Holsworthy Livestock Market

New Market Road, Holsworthy, Devon, EX22 7FA

Foreword

Kivells are delighted to have received instructions from Martin & Pat Gorst of Glebe Farm, North Petherwin, Launceston to disperse their entire herd of Holstein Friesian Dairy Cattle which will be removed to Holsworthy Market for convenience of sale on Wednesday 13th November 2024.

Martin and Pat first moved to Glebe Farm in 1985 and have operated a flying herd, farming on a simple system, milking twice daily in an abreast parlour with cows grazed through the spring to autumn months. The cows are fed grass silage in the winter months with concentrates fed through the parlour. Martin has always bought top quality replacement freshly calved heifers and has an excellent eye for quality dairy cattle.

The herd has an all-year-round calving pattern with all cows served to British Blue and occasionally Welsh Black AI sires. Martin and Pat have been consistent toppers of the calf market at Holsworthy for many years. They have sourced all replacement dairy stock from Holsworthy and Exeter Markets always purchasing quality heifers aiming to continually improve milk constituents for their milk, which is sold to Saputo. This has been successfully achieved as reflected in the milk recording.

The herd is not milk-recorded however an up-to-date cell count sample has been taken with NMR and the details are shown in the catalogue.

**The Herd is Averaging approximately: 8,000Kgs
The Average cc of cows in the sale: cc104**

Herd Health

The herd is not vaccinated with no known cases. The herd is monitored for Johnes with no high readings.

Auctioneers Comments:

Martin and Pat have been tremendous supporters of Holsworthy Livestock Market for many years and have been regular faces at our dairy sales. Martin has always purchased freshly calved replacement heifers buying in the top 10% of cattle forward and always buying quality. It has been a great pleasure seeing Martin and Pat in Holsworthy market on a regular basis, either selling their quality beef calves or bidding for dairy cows around the ring or via MartEye. Kivells hold Martin and Pat in very high regards and thank them for their instructions in the sale and for their historic business. We thoroughly recommend this dispersal sale to all milk producers.

Mark Bromell - Kivells

Harpers Feeds Comments:

Harpers Feeds have had the pleasure of dealing with Martin and Pat for over 20 years. The cows are grazed during the summer months and topped up in the parlour. During the autumn and winter they are fed a blend through the feeder wagon and topped up in the parlour with our Buttermax Dairy Nut. They have been fed to produce quality milk to supply the Saputo milk contract. The cows are all good quality and I'm sure they will go on and perform well on any farm.

Paul Cholwill - Harpers Feeds
