AUCTION SALE RULES

To be Sold under the Livestock Auctioneers Association Conditions of Sale.

Maiden heifers stated to be sold for breeding purposes.

The vendor warrants a maiden heifer stated in the catalogue or at the time of sale to be sold for breeding purposes to be free from any malformation which would render the animal incapable of breeding. The warranty is a 5 day warranty if the malformation is patent or a 6 month + 5 day warranty if the malformation is latent.

If the purchaser proves a breach of warranty the purchaser may return the animal to the vendor. Notice of claim must be supported by a veterinary surgeon's certificate.

Cows or heifers sold as being in milk and/or in calf. The vendor warrants a cow or heifer in calf and/or in milk:

- (a) To be correct in the udder and teats;
- (b) Not to be infected with clinical mastitis; and,
- (c) Not to suck any other animal or herself.

The warranties in conditions (a) & (b) is an after sale warranty which shall run from the close of the day's sale or until the animal is removed from the sale premises, whichever is sooner.

The warranty in conditions (c) is a 5+5 day warranty.

Cleansing: The vendor warrants that all newly calved cows and heifers have cleansed satisfactorily before the sale. This warranty is a 3 day warranty in which any claim made by the purchaser must be supported by a veterinary surgeon's certificate. The vendor is obliged to pay for the cost of one wash out.

Cows or heifers sold as served or guaranteed in calf.

When an animal stated to have been served less than 10 weeks prior to the sale and is pregnancy diagnosed positive, this is given as guidance only and carries no warranty. If a cow or heifer has been positively diagnosed as 10 weeks or more in calf at the time of sale and thereafter is proved to be not in-calf, and a Veterinary Surgeon's certificate to that effect is produced there is a 38 + 5 day warranty.

Where a cow or heifer is sold as 'having run with a bull' no warranty as to the animal being in calf at the time of sale is given.

Breeding Stock Bulls: The vendor warrants that any bull 10 months or over sold as a stock bull is capable of and effective at natural service. This warranty is a 16 week warranty.

The descriptions are supplied by the vendor and whilst they are believed to be correct this catalogue in no way shall guarantee their accuracy. Full Conditions of Sale can be found in the Market Office.

V HALL
CHEGWIDDEN FARM, ST LEVAN, PENZANCE, CORNWALL, TR19 6LP

Chegwidden Simmentals were established 30 years ago after we bought a pedigree heifer Chyanhal Carol Whenday from Penny Lally. After purchasing some more females our herd grew and we used AI for breeding. We were very fortunate to do well in the show ring and society sales winning multiple championships and selling cattle across the UK. We were also very honoured to sell a Simmental Bull to HM The Queen, Chegwidden Benjamin.

Chegwidden Herefords were established at the same time as the Simmentals and have been a pleasure to breed and sell animals again across the UK. The Herefords have complimented the Simmentals on the farm and both breeds will be sadly missed. We will continue to have the farm and support both societies. We look forward to seeing our breeding lines continue to flourish with their new owners.

Elite Hi Health Scheme – accredited free of IBR, Lepto & BVD & Johnes level 1

We used AI to start the breeding programme keeling bulls from various bloodlines as our stock bulls.
