

6 DAY STANDSTILL:-If cattle, sheep, goats or pigs are moved onto a holding then **no** cattle, sheep, goats or pigs can be moved off the holding within six clear days of that movement (or 20 days for pigs). The standstill starts when the animals are brought onto the holding, and the six day count starts on the following day.

FOOD CHAIN INFORMATION DECLARATION

Sheep on the holding are not under movement restrictions for other animal's disease or public health reasons (excluding a 6-day standstill).

All Prime Sheep sold are guaranteed to be free from withdrawal periods for all veterinary medicines and other treatments administered to the animals while on this holding and previous holdings.

Any Store/Breeding Sheep sold that are still in withdrawal periods will be declared as such, with the following information:-

To the best of my knowledge the animals are not showing signs of any disease or condition that may affect the safety of meat derived from them.

No analysis of samples taken from animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of meat or to substances likely to result in residues in meat.

I understand that my livestock sold for human consumption comply with the requirements of the Food Safety Act 1990.
