3. **All sheep** must comply with the ear tagging requirements of the DSBA and must also be identified in accordance with the current Defra regulations.
4. **Sheep entered** with incorrect identification; with entry forms bearing incorrect or incomplete information; or not accompanied by the appropriate fee, will not be offered for sale.
5. **Ewes that** have been running with a ram will not be accepted for sale except at a flock dispersal carried out under DSBA conditions of sale.
6. **The highest** approved bidder shall be the purchaser. However, if a dispute arises between two or more bidders, the lots disputed shall be put up again and resold at the discretion of the auctioneers whose decision is final.
7. **The auctioneers** shall regulate the amount of each bid.
8. **On the fall** of the hammer the purchaser shall give their name and address and shall remove purchases not later than close of the market on the day of the sale.
9. **The auctioneer** having described the sheep to the best of their ability from the description given by the owners or their agents will not be responsible for any inaccuracies.
